Gabriel **Mancino-Ball**

Applied Mathematician

Passionate about the blending of optimization, machine learning, and software development to solve business problems

⚲ gmancino.github.io   ✎ (651) 788 0582   ✉ mancig@rpi.edu   ◯ /gmancino   **in** /gabriel-mancino-ball

Experience

R&D Data Science Intern

🏢 3M - Corporate Research Systems Lab   📅 Summer 2019   📍 Minneapolis, MN

- Developed and deployed software using Amazon AWS to assist additive manufacturing production lab in computer vision tasks
- Created a data augmentation algorithm to generate training data for a custom trained object detection neural network
- Built time series prediction software using Python during intern Hack-A-Thon

Teaching Assistant

🏢 Rensselaer Polytechnic Institute   📅 Fall 2018 – Spring 2019   📍 Troy, NY

- Achieved cumulative student approval rating of 4.55/5.0
- Recitation leader for Multi-Variable Calculus and Matrix Algebra
- Support coordinating professor, including grading 120+ students quizzes and exams

Education

Ph.D. in Mathematics

🏢 Rensselaer Polytechnic Institute   📅 Expected 2023   📍 Troy, NY

- GPA: 4.0/4.0
- Passed Written Preliminary Exam with Distinction
- RPI Chapter Society for Industrial and Applied Mathematics Vice President

B.S. in Mathematics

🏢 Winona State University   📅 2018   📍 Winona, MN

- Graduate Summa Cum Laude
- Minored in Statistics

Relevant Coursework

- **Mathematics:** Computational Optimization, Numerical Analysis, Mathematical Statistics
- **Computer Science:** Large Scale Matrix Computations and Machine Learning

Computer Skills

- **Strong:** Python, R, MATLAB, Latex
- **Familiar:** HTML, CSS, Java
